Letter of Recommendation

MULTIMEDIA S.A. is a subsidiary company, owned 100% and wholly controlled by Lambrakis Press Group of Companies S.A. Our scope is the vertical production in the printing industry (creative design, page layout, image processing, prepress production, printing and binding) as well as website design.

Mr Konstantinos Delavias worked for Multimedia S.A. from March 2008 until February 2012. He was occupied in the Department of Image Processing and Enhancement of our company, implementing cutting edge technology at a highly demanding work environment.

Due to his excellent professional profile, his communication skills, his guiding ability and his exceptional punctuality, Mr Delavias was assigned to projects of special requirements, during a time of increased demands. Mr Delavias delivered his duties with punctuality and diligence, enhancing the image of our company to our clients to a great extent.

The inevitable decrease caused by the economic crisis, obliged us to deprive our company of such a significant employee as Mr Delavias.

Beyond the formalities of a common letter of recommendation, I would like to state my firm belief that Mr Delavias has the ability to accomplish successfully any project that he may be assigned to and I sincerely wish him progress in a prosperous career.

For any additional information, we will be at your disposal.

Kind Regards
